	<p>4. Conduct free test lessons in local authorities and schools</p> <p>5. Prepare a Marketing report on 1~4.</p>	
<b>Acceptance criteria</b>	<p>Community members can review the source code, which is published on GitHub (open source).</p> <ul style="list-style-type: none"> <li>• Database modification to rely on ADA prices rather than points  (The current database is managed by points, so it should be managed by ADAs.)</li> <li>• Integrate a wallet that accepts credit card payment for Ada  (Integrate custodial wallets to accept credit card payments.  We will determine the specification details through Milestone 1 stakeholder interviews and technical research .)</li> <li>• Enable NFTs minting for class completion</li> <li>• Enable tokens minting as rewards</li> <li>• Unit testing, Manual testing (lead by several dev) and the bug and fix reports will be shared with Community members</li> </ul> <p>For marketing reports, the community has access to a Google Doc, which can be reviewed.</p> <p>However, including in terms of privacy and other aspects of the organizations that operate</p> <ol style="list-style-type: none"> <li>1. A summary report on the events held in which we participated, including dates, times, and photos (at least 2 events in a month)</li> <li>2. An anonymous report on which county authorities we approached and what kind of response we received as a result</li> <li>3. Publicize the survey to the community without naming the school</li> <li>4. Publish the name of the municipality that allowed us to conduct the test lessons and the name of the school.</li> </ol> <p>At least one local government and a school will be onboarded as a tester by this milestone and the contents will be made by the local government related organization. (After our platform will be updated on the main domain, we'll update them)</p> <p>We'll have meeting with at least two local government to determine how to use our platform for their promotion / their staffs education. (At this stage, gaining paying members is not a priority. Because at this point in the user experience it is difficult to actually use our platform unless they are quite familiar with Web3 ).</p> <p>With the above, the report is considered to have been fulfilled</p>	<div style="background-color: #2e71a1; color: white; padding: 5px; display: inline-block;"> <b>2</b> approvals       </div> <div style="background-color: #f0f0ff; color: #d9534f; padding: 5px; display: inline-block;"> <b>0</b> refusals       </div> <div style="background-color: #0072bc; color: white; padding: 2px 10px; text-decoration: none; font-weight: bold; border-radius: 5px; display: inline-block; margin-top: 5px;"> <a href="#">Open Acceptance criteria reviews</a> </div>

<b>Evidence of milestone completion</b>	<p>Community members can view the source code of the feature on GitHub (open source).</p> <p>Also Community members can review the test results and bug fixing report.</p> <p>Concerning reporting on marketing, communities have access to a Google Doc, which they can review.</p> <p>However, including the privacy and other aspects of the organizations that operate</p> <ol style="list-style-type: none"> <li>1. a summary report on the events they have attended, including dates, times, and photos</li> <li>2. an anonymous report on which county authorities we approached and what kind of response we received as a result,</li> <li>3. publicize the survey to the community without naming the school</li> <li>4. publish the name of the municipality that allowed us to carry out the testing project and the name of the school</li> </ol> <p>With the above, the report is considered to have been fulfilled</p>	<span style="background-color: #2e7131; color: white; padding: 10px 15px; border-radius: 5px; display: inline-block;">2 approvals</span>	<span style="color: #2e7131; font-weight: bold;">0</span> refusals
<b>Delivery Month</b>	<b>4 - Dec 2024</b>		
<b>Milestone Cost</b>	<b>25.12%</b> <div style="width: 75.12%; background-color: #007bff; height: 10px; display: inline-block;"></div> <b>ADA 61,190.00</b>		
<b>Project Completion</b>	<b>54%</b> <div style="width: 54%; background-color: #007bff; height: 10px; display: inline-block;"></div>
